CRICK-O-FILE (CRICKET ANALYSIS APP)

INTRODUCTION:

For all cricket lovers who miss their matches due to their busy schedule and need to search YouTube or different websites. What is you have an app that will help you to be up to date with cricket world and new upcoming players in every team.

REASON:

Aim of this app is to combine the data of every cricketer in one app with their complete stats. Not only players but also stats of matches played within a week. In case you miss any match or when you see a new player in any league of international match then you can find his whole data. It will also improve and test your cricket info with different quizzes.

Objectives:

- * To provide complete players stats.
- * Ensure every game stat played within week.
- * Test your knowledge and entertain you through quiz.
